FAIR Health: Your Independent Source for Healthcare Claims Data

Special Terms For NQF Members

It's a perfect match. FAIR Health possesses the nation's largest collection of private healthcare claims data, which includes over 25 billion claim records contributed by payors and administrators who insure or process claims for private insurance plans covering more than 150 million individuals. The National Quality Forum is dedicated to helping our nation achieve better and affordable care and improving the overall health of Americans.

FAIR Health and NQF welcome the opportunity to collaborate to promote better health outcomes, health insurance literacy and cost transparency and efficiencies. To support the goals of NQF, FAIR Health is offering NQF members a 15 percent discount[1] on licensing fees for FAIR Health data products, custom analytics and consumer-oriented tools and resources.
